We Dedicate

What is more to be desired in this world than a true friend? MR. CROUCH, our principal, has been just that to each and every one of us—a true friend. In appreciation of this priceless warmth of human affection bestowed upon us, we sincerely dedicate this annual to Mr. J. Emmons Crouch.

He has led, but not compelled; has advised but not dictated; has divined our individual needs and has affectionately helped us to attain them.

We, the class of 1952, would do well to dedicate ourselves and our futures to the principles by which our friend, Mr. Crouch, has guided us.

Last Will And Testament

The Senior Class, being sounder of body than of mind
Desire that the following be left behind.
F.F.A. President, Clyde Bayne leaves a curl or two
To Marvin Rawhouser; that's generosity for you!
And Velma Blakely leaves her dairy-sight unseen—
To any fan of True Confessions Magazine.
Gerald and Geraldine Bock, the twins,
Leave with identical and grateful grins.
Wade Brorby leaves a dripless icicle, his latest invention
That Mr. Macy should patent it is Wade's intention.
Boake Clairmont sighs, says, "Ain't love grand!"
And leaves with Betty Lou Morris by the hand.
Roy Downs, known as "Tex," leaves his Southern drawl
For Clyde Rich, to try out on "yo-all."
Ann Eckley leaves her drawings and cartoon contraptions
To Gerald Baird, who'll provide the captions.

Joan Elliott leaves her generosity sweet
For Miss Kinder's use when writing our grade sheet.
Fred Ertman leaves his roving eye
To Gerald Kundy, to cure him of being girl-shy.
Viola Fegret leaves for her current hobby!
Meeting Joe Mullens in the theater lobby!
Anna Frederiksen leaves her dangling earrings
To Alyce Eatherton, who needs more of the things.
For Katherine Gibb's desk, there's a change in store
She leaves it to Shirley Franklin, whose feet can touch the floor.
And our scholar, Fred Giffin, who's not a fuddy-duddy
Leaves his brains to Johns Hopkins for even further study,
Peggy Hereford leaves her golden blonde hair
To Jean Sewell, if she'll promise to keep its color fair.
Nadine Jones leaves her prize possession: the form divine
To Tom Spencer. ("twould improve his line.")
Allan Joslyn leaves his automobile
In the barrow pit. Missing: One wheel!
Skip Lawson leaves an ice cube to cool the flame
Of Joanne Farella's temper during a losing game.
Byrd Lynch leaves his sideburns and fancy boots
To any aspirant of the rodeo chutes.

Larry Joe Martin, our singing pride and joy
Leaves his voice for any monotone to employ.
Roy May leaves third period study hall
To Miss Thompson, who just can't stand a brawl.
And what Doug McCoy leaves makes his parting hard:
He leaves to Mr. Ratigan his Safe Driving Club card.
Rex McCoy leaves his cobwebby books
To Mary Jo Hagius, who'll brighten their looks.
Barbara Morrissey leaves her place on the prairie bus,
Where she'll be missed by the rest of us.
Maury Mullendore leaves his Beau Brummel smile
To any swain who may need it for a little while.

Lawrence Price leaves his football suit and gear
To Noble Richards so he'll match every other player.
And Art Schlaikjer, who left his halo in heaven
Also leaves his boots upon a desk in Room eleven.
Barbara Scott leaves nothing to anyone, and here's why:
She's saving it all for a Montana guy.
Charles Scott leaves by the Grace of God
The shock of graduating got him; he's pushing up sod.

Eugene Tetrick's memory is his bequest;
He leaves by Mr. Crouch's personal request.
Bill Wagner, the bashful soda jerk,
Leaves Lyle Ackley with most of the work.
And Pauline Wegher bequeaths her lily-white hand
To her latest Prince Charming at his command.
So we, the Class of '52, on departing from the rest of you
Leave memories and wishes for N.H.S.—
Its continued growth and its student's success.
We all leave our lockers, down the hall;
We leave our desks here, one and all.
We leave the under classmen the privilege to be
Seniors in 1 year, or 2 years, or 3.
We leave with our sponsors the hearty thanks they rate
And to the whole faculty—3 summer months in which to recuperate!

Senior Class Prophecy

Greetings, ladies and gentlemen. This is your Home Town News Caster bringing you the latest summary of the news.

Today's news from Korea does not pertain to the war but instead it concerns "Doug's Dugout," a hot-dog stand on the 38th Parallel, owned and operated by Doug McCoy. It seems that our G.I.'s prefer hot-dogs to K-rations much to the dismay of army headquarters.

If you are bothered by freckles, your worries are over. Nurse Ann Eckley has discovered an entirely new and painless way to remove freckles. This amazing discovery was brought about by months of research.

Ladies are you tired of your present hairdo? If so, Larry Martin, known the world over as Larree of Parree, has the answer to your problems. At a recent fashion showing Larry presented his newest creation which he calls the "Mexican Hairless."

Roy May, who recently made the news headlines with his threats to clean up politics, is doing just that. Roy scrubs the halls of Congress every night.

Secretaries desiring to advance themselves should read Joan Elliott's book entitled "How to Elevate Yourself in the Business World," or "Marry Your Boss," written while Joan was employed by the firm of Mangus, Mangus, and Mangus.

Millionaire playboy Boake Clairmont left New York harbor today on his yacht the "Modernaires" bound for Brazil. Boake accumulated his fortune through the manufacture of porch lights. He claims that his best customers are bashful boys afraid of the dark.

Allan Joslyn still gets a bang out of life. Allan is president of the "Nutty Novelty Nook" specializing in firecrackers, exploding cigars, and numerous other comic gimmicks. His company's motto is "You name it, we'll main it."

Teen-agers all over the country are flocking to the nearest concession counter to try a "Dreamer's Delight," the new confection concocted by Geraldine Bock, America's leading soda-jerk.

Charles Scott, noted adventurer and explorer, returned to the United States after a five months trek through darkest Africa in search of King Solomon's mines. Charles called his expedition short because life in Africa was getting boring and he desired to see the bright lights of Newcastle again.

Dwellers of Mars may expect a visit from earthans in the near future. Professor Wade Brorby announced yesterday that his space ship is nearly completed and that his greatest problem is finding someone to make the trip. Wade had originally planned for the ace jet pilot, Rex McCoy to make the journey but Rex has other obligations to attend to. He just became a grandfather.

Mrs. Bill VanAlstin the former Barbara Scott, was chosen as the "Homemaker of the Year" by the socialites of Cut Bank, Montana. Barbara states that home-making just comes naturally and Hubby Bill agrees.

Currently playing on Broadway is the famous actor Charles Lawson, who stars in "The Ice-Man Cometh." Critics report that this is Charles' greatest role probably due to earlier experiences as an ice-man.

Rodeo fans were greatly disappointed today at Madison Square Gardens. Champion bronc rider, Byrd Lynch was thrown from his mount and is suffering from a broken toe. The name of the horse incidentally, was "Spirit of N.H.S."

The Federal Bureau of Investigation announced this morning that Nadine Jones has been added to their staff. Nadine will specialize in cases involving the whereabouts of lovers who have—shall we say—flown the coop.

Fred Griffin was appointed president of the Vassar College for women. Fred contributes his success to hard work and a superior knowledge of the problems of college life.

Pauline Wegher, internationally known interior decorator who at present is redecorating the offices in the nation's capital, revealed to-day that she plans to use red as the predominating color. Pauline feels that it will look especially nice with the red tape.

Singer Fred Ertman will make a personal appearance in the Belgian Congo. Fred believes that the natives will want to become civilized after hearing some of our American cowboy music.

Art Schlaikjer, oil magnate, will begin his expedition to the arctic sometime next week. Art heard that the oil market was frozen and decided to try his luck where it should really be solid.

From Puerto Rico comes the news of a native revolution. Angry citizens claim that General Eugene Tetrick of the Civil Air Patrol has grounded too many pilots for reckless flying and a general misuse of the skyways.

Rancher Clyde Bayne reported yesterday that his herd of jackalopes is much larger than previously expected. Through experiments Clyde has found that jackalopes thrive on peanuts and popcorn.

Governor Billy Wagner confirmed the report that Lawrence Price has been appointed head of the Wyoming Highway Department.

Politician Maury Mullendore has been appointed ambassador to the island of Bingo Bingo, which is inhabited by a tribe of Amazon women. Maury was chosen for this position because of his diplomatic charm with women.

Word has been received that the insurance business in Greenland is a very profitable one. Katherine Gibbs, the insurance agent for that territory, told reports at an interview that the Eskimo's feel that fire insurance is absolutely necessary for their igloos.

Velma Blakely, famous Power's model, will publish an article in the Colliers magazine which will tell how she has successfully combined marriage and a career.

Reprocessed bubble-gum is now guaranteed to be 95% as good as the original product. Betty Lou Morris, who began her fact growing business by reconditioning the bubble-gum left under the seats of N.H.S. announced that, although her product is not as elastic as the original, its bubbles are guaranteed to be almost as good.

A group of vacationers in one of our parks yesterday, were astonished to find a hermit living quite peacefully in one of the more remote parts of the park. The hermit was Gerald Bock who claims he became an antisocialist because he couldn't stand flying saucers. Not the scientific ones but those which his wife threw at him.

Lady undertakers are fast becoming a fad which is sweeping the nation. This fad started when Barbara Morrissey opened her business recently. Barbara is assisted by several little undertakers—all of them named Johnson.

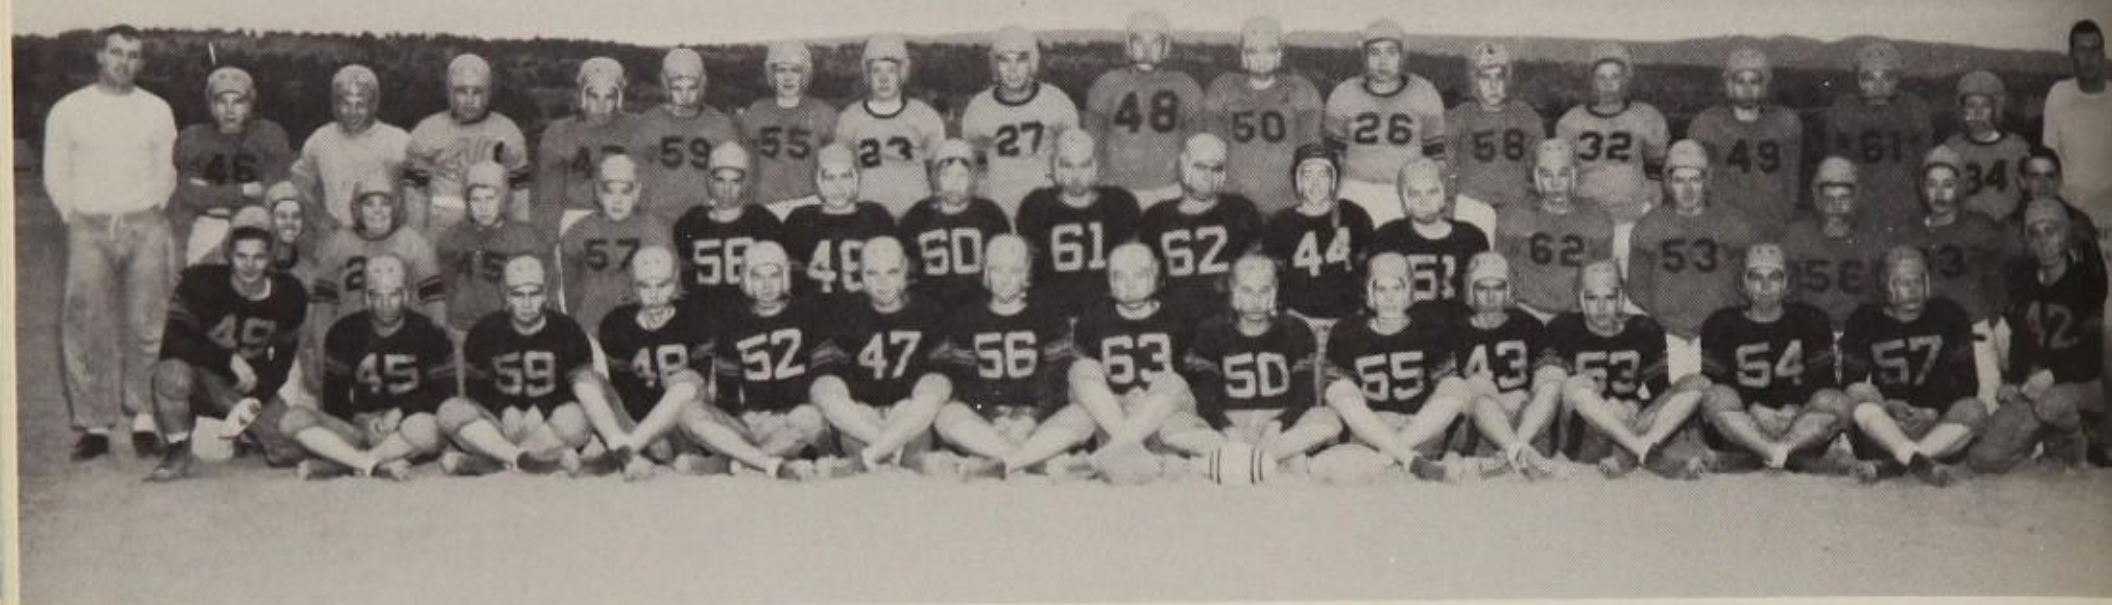

Anna Frederickson broke all previous flag-pole sitting records by staying atop a 100 foot pole for 123 days. Anna passed the time by trying to decide what to do in the future. She is still undecided but is thinking strongly of becoming a steeplejack.

The French President recently presented Viola Fegert with the French medal of honor for her outstanding achievements toward bringing about world peace. Her theory is that we should all live on separate planets.

As our closing news item we bring you a story about a very unusual occupation. Peggy Hereford is running a lost and found service for engagement rings. She also deals in second-hand rings which are guaranteed to tie the knot as well as a new one.

This was the first year for wrestling at Newcastle High School. It was organized by J. B. Fields and Robert Bergstrom.

The Dogie matmen have done very well this being their first year of wrestling.

They also attended the State Tournament in March.

Coach Morgan's Basketball B-Squad had a very fine season during 1951-1952 with a record of 11 wins and 2 losses.

Minutes of the First Student Council Meeting
October 4, 1950

The first Student Council meeting of 1950-'51 was called to order fifth period in the auditorium on October 4, 1950 by the president, Norman Pursley. Since there were no previous meetings, the minutes were not read. The secretary then called the roll.

After this, Mr. Barrett spoke to the council. He said that the Student Council is a representative governing body. The council we have now was reorganized in 1947. He also spoke to the council about the need for a good council to have a good school. He told the council that they were not to decide on anything until they had a good council.

Our new sponsor, Mr. Gavin, spoke to the council. He suggested that we elect a parliamentary secretary. He also gave some rules on parliamentary procedure. The council then elected a parliamentary secretary.

Carol Moody moved that we elect a parliamentary secretary. It was voted upon and the motion carried. Darwin Butcher Kelly, and Carol Moody were nominated. The council then elected a parliamentary secretary.

Carol Moody then moved that the council elect a public relations officer. The motion carried. Darwin Butcher Kelly, and Carol Moody were nominated. The council then elected a public relations officer.

The next business taken up was the letter from Knott High School asking for information concerning our Student Council. Evelyn Adams moved that a constitution and some laws be sent to the Knott High School. This was voted upon and the motion carried.

The secretary then read the letter from the Lanesa High School asking for information concerning our Student Council. Evelyn Adams moved that a constitution and some laws be sent to the Lanesa High School. This was voted upon and the motion carried. The council then elected a public relations officer.

Everyone from babes in arms to grandpa on canes enjoyed the annual high school carnival last Friday night.

Confetti, toy horns, balloons and other such noise makers kept the gym a very confused but happy place. Bingo kept the older folks amused while the younger generation were trying their luck at various stands sponsored by the high school classes.

The highlight then swung to the floor show that demonstrated local talent. It was opened by the girls' triple trio singing several numbers. Next on the program was cowboy singing by John and Fred Ertman, Billy Cattles, Tom Mitich, Clyde Bayne, Charles Scott and Larry Martin. A pantomime "My Shadow" sponsored by the public speaking class featuring Reggie Grieves as the doctor, Jeannette Cummings as Molly, Geraldine Bock as Mrs. Smith and Fred Giffin as Bill Johnson. Charleston exhibit was danced by Pat Pool and Tommy Spencer. A hilarious Hawaiian dance presented by some very talented dancers from the boys' section of the Fresh-

man class. Wade Brorby was master of ceremonies.

The most awaited event of the floor show was the crowning of the Carnival King and Queen. The candidates were all seated on the stage. They were Geraldine Bock and Charles Lawson, the Senior candidates; Ellen Horton and Richard Hayne as Junior candidates; the Sophomores elected Molly Monahan and Bob Davis, and the Freshmen candidates who were Margy Evander and Jerry Dixon.

This year the class that sold the most cake tickets was the Sophomores who sold \$290.00 so their candidates, Molly Monahan and Bob Davis were crowned as Carnival King and Queen.

A dance was then held in the gym for all who were able to attend. During the entire carnival refreshments were served in the home economics room.

Everyone had a very enjoyable time despite aching feet and throbbing heads.

Homecoming '52

Newcastle won big Homecoming Game October 12 when they scored 13—6 against mighty Midwest. Homecoming day was officially opened at noon; a pep assembly was held directly following the lunch hour and was followed by a parade in which all the classes and organizations of Newcastle High School participated.

The parade was followed by a show at the Dogie theater which was attended by a large number of the high school and grade school students.

The game started that night with a kick off by Newcastle received on the fifty yard line. The first touchdown was completed by Oliver and Wildey went over for the extra score. By half time the score was 7—6 with the Dogie team in the lead. At the end of the second half the score stood 13—6 in favor of Newcastle.

Homecoming was then climaxed by the dance at the high school and the crowning of the King and Queen followed by the grand march and an evening of dancing.

The King and Queen were crowned by the King and Queen of the 1951 Homecoming, Kenneth Gaskill and Bonnie Marquiss.

THE ROAD AHEAD

For some it leads to college . . . for some, a place in business or industry . . . for the girls, perhaps, it's marriage and a home. Regardless of your choice, opportunity lies ahead. Opportunity that stems from the American way of free choice, free speech, freedom to build a future.

You who graduate this year are fortunate . . . fortunate because you live in an era when electricity has done so much to reduce the drudgery of mankind. For all of you, the continuing development of the uses of electricity will make life easier and more enjoyable now and in the years to come.
